

Android Menu Lab

Overview

The purpose of this lab is to familiarize you with Android's *App Bar*, *Toolbar* and *Menus*.

Your mission

You submitted your assignment #2 last weekend. The starting point for this assignment is your assignment #2 submission. You will simply add a custom app bar and menu system to your assignment 2 code. Here's what your menu system will look like:

Hint:

Refer to the App Bar lecture from last week.

Here's some code to help you get details about your device:

MANUFACTURER	Build.MANUFACTURER
MODEL	Build.MODEL
VERSION	Build.VERSION.SDK_INT
VERSION RELEASE	Build.VERSION.RELEASE
SRIAL NUMBER	Settings.Secure.getString(getApplicationContext().getContentResolver(), Settings.Secure.ANDROID_ID)
